

MUHAMMAD EKA SYAFHAN

Mechanical Engineering

Batam, Kepulauan Riau, Indonesia | Email : ekasyafhan12@gmail.com

No Hp : +62 812-7799-221 | LinkedIn : <https://bit.ly/LinkedinMuhammadEkaSyafhan>

SUMMARY

I hold a Diploma's Degree (Associate Degree) in Mechanical Engineering from Batam State Polytechnic, dedicated Drafter Engineer and Mechanical Technician with a proven track record in machine design, drafting, and assembly over the past year. I have honed high-level technical skills in a dynamic environment, backed by professional recognition as a Certified SolidWorks Associate (CSWA).

My core strength lies in the seamless integration of engineering software proficiency with systematic logistics management. I possess extensive experience in managing complex inventory data and material distribution flows to ensure uninterrupted production processes. My active involvement in various organizations during my studies has cultivated a strong leadership character and a collaborative team-oriented mindset. I am prepared to leverage my technical expertise and administrative precision to drive innovation and productivity within your organization."

EDUCATION

Politeknik Negeri Batam **2020 – 2024**

Diploma III Program

Mechanical Engineering Department, Manufacturing Study Program

Final Project: Making the Shaft On a Butterfly Valve Using a Conventional Machine

SMK Negeri 1 Batam **2017 – 2020**

Vocational High School Program

Majoring in Mechanical Engineering

Final Project: Assembly Process of Welding Machine Cover with Body Work Process

EXPERIENCE

PT. Indo Kaya Energi – Batam, Kep. Riau **Okt 2024 – April 2026**

Drafter Engineer & Staff Logistic

Jobdesk :

- Engineered detailed 3D models and technical drawings for Offshore Cargo Baskets and OCTG (Oil Country Tubular Goods) components, such as Connectors, utilizing SolidWorks to ensure compliance with industry safety and structural standards.
- Developed precision designs for OCTG (Oil Country Tubular Goods) components, specifically high-durability Connectors for the oil and gas industry.
- Utilized advanced SolidWorks features to optimize manufacturing accuracy and operational efficiency for specialized offshore equipment.
- Monitored inbound and outbound logistics flows and maintained precise inventory records to ensure stock availability.

Politeknik Negeri Batam – Batam, Kep. Riau **Sep 2022 – Sep 2023**

Internship as Laborator Assistant

Jobdesk :

- Assist in checking and maintaining machines in the laboratory.
- Making souvenir boxes using a laser cutting machine and making parts using a 3D printing machine.
- Help explain the function and how to maintain machines to students about the machines in the laboratory.

PT. Panasonic Industrial Devices Batam – Batam, Kep. Riau **July 2018 – Des 2018**

Internship as Leader Assistant

Jobdesk :

- Designed complex assembly covers for Welding Eng utilizing Autodesk Inventor, focusing on high-precision specification for industrial machinery.
- Assisted actively in the physical assembly line operations, bridging the gap between digital 3D modeling and hands-on production.
- Collaborated with the engineering team to ensure design integrity and streamline the assembly process during the internship period.

ACHIEVEMENTS

Certified SolidWorks Associate (CSWA) 2021

Mechanical Design

- Focuses more on basic 3D part modeling, assembly, and reading technical drawings.
- Tests basic skills in creating 3D models, modifying dimensions, understanding materials, and calculating the mass of objects quickly and accurately.

ORGANIZATION & VOLUNTEER

Forum Informasi Remaja – Batam, Kep. Riau 2023 – Now

Member of Forum Informasi Remaja, Batam City.

Himpunan Mahasiswa Mesin Politeknik Negeri Batam– Batam, Kep. Riau 2022 – 2023

Head of Divison of the Secretariat Division, Internal Relations.

Komisi Pemilihan Raya Politeknik Negeri Batam – Batam, Kep. Riau 2022 – 2023

Grand Advisory Council of Commission II (Documentation)

Himpunan Mahasiswa Mesin Politeknik Negeri Batam – Batam, Kep. Riau 2021 - 2022

Members of the Secretariat Division, Internal Relations.

Komisi Pemilihan Raya Politeknik Negeri Batam – Batam, Kep. Riau 2021 - 2022

Member of Coommission II (Documentation)

Saka Bakti Husada Bapelkes Batam – Batam, Kep. Riau 2018 – Now

- Honorary Council Member of Saka Bakti Husada Bapelkes Batam
- Coordinator of Scouting Techniques for Saka Bakti Husada Bapelkes Batam

SKILLS

Soft Skills :

- Good Communication
- Test Procedure
- Teamwork
- Time Management

Hard Skills :

- SolidWorks
- Autodesk Inventor
- Autocad
- Mastercam X3
- 3D Assembling
- 3D Modelling
- Assembly Process
- 2D Technical Drawing/Detailing
- Microsoft Office
- English Communication
